

Stop Russia from Getting Her Feet in the Door

Nation Is Warned "Get Forces Ready"

WASHINGTON, March 8 (UPI)—Sen. Kenneth McKellar, D. Tenn., today called on the United States to serve notice on Russia that any more Soviet aggression in Europe means war.

McKellar told the Senate in the second week of debate on the European recovery program that the United States should "take the lead" in defending European nations which are still free.

The 70-year-old former Senate president, said the Communist coup in Czechoslovakia and Soviet pressure on Finland have prompted him to reverse his earlier opposition to ERP.

He spoke after Secretary of State George C. Marshall and his top advisers personally appealed to House Speaker Joseph W. Martin, Jr., for speedy congressional approval of the ERP.

McKellar urged that American armed forces be put in fighting condition at once "with one distinct purpose in view: That if Russia takes over another nation or attempts to do so, our nation will take the lead in defending that nation and all of the other free nations of Europe."

He said Russia should be put on notice that "if she undertakes to take over any more European territory we are at the service of these nations and will help them maintain their individuality and their independence."

McKellar said he believed Russia was preparing to make war on the United States and take over other European states to add to her strength.

ANYBODY WANT MAGINOT LINE? PARIS, March 8.—(AP)—For rent! The Maginot Line. The French government has offered for rent as pasture the section of the line in which the Maginot line was built and through which the German tanks drove so fast in 1940.

Man Is Remanded Intimidation Case John Yusebych, arrested in connection with alleged fracas between strikers and truck drivers of Star-Key coal mine, was remanded until March 10 when he appeared in city police court Monday morning.

He is charged with intimidation of two truck drivers, Edward Vallee and Steven Mironiak. John Bruck, who is also alleged to have been in the fracas, has been summoned to court on charges of assault against Robert Krahm, another trucker.

Flare-up broke out Friday evening in the town of Star-Key, where three truckers were reported to have been arrested. The town is situated about 60 miles from Edmonton, about 100 miles from Calgary.

Men of allocating all rights to the company was assailed in legislative last week by A. J. R. Limer, Mr. Roper's deputy minister from Calgary. He said that the allocation of all lands a "checker-board" was a misnomer, and claimed government only held the rights on the edge of the field and that these rights were problematical.

Last War Bride Is Scotch Lass CALGARY, March 8.—(CP)—The last war bride of a large group who recently arrived in Canada on board the Aquitania reached Calgary Saturday morning in the smiling presence of Mrs. J. M. Halsey, who with her children, were en route to Lacombe.

Remember now, said Mrs. Halsey, "It's Scotch we're old, not English. My home is in the little village of Enniskillen, about 50 miles north of Inverness."

Perfect Results An advertiser living on 104 street telephone a small "Wants" to The Bulletin last Saturday morning offering a nice room for rent. She reported this morning she had been booked early Saturday afternoon and was very pleased with such quick results. There's nothing really unusual about these results, said the Bulletin, because hundreds of advertisements result in the same sort of thing. "Wants" ads. One try will satisfy!

17-Year-Old Edmonton Boy Lands Plane on Highway Unique occurrence in his short flying career was experienced Sunday by Walter Kachur, 17-year-old Edmonton youth, when he made a forced landing on the highway between Legal and Vimy, 50 miles north of Inverness.

Kachur was up for a "short flip" in a Tiger Moth when the weather suddenly closed in and he had to make the forced landing.

Also in the plane was Earl Allen. "We were only supposed to be up for about 20 minutes," Kachur said, "but the weather closed in so we didn't have a chance to get up to the airport."

CAREENING WILDLY when airbrakes failed to work, a 12½-ton ready-mix cement truck ran amok for close to 200 feet early today, tore up nearly 200 feet of guard rail on the south end of High Level bridge and crashed through the east side of the bridge to drop nearly 75 feet. Here

is what is left of the vehicle. Driver Victor Thompson jumped shortly before the vehicle plunged, escaping with a few scratches and a minor bruise. The truck was enroute from the south side of the city to Edmonton airport where it is based.

PLEASSED WITH WIN IN REGINA Flyers Hope End Series In Games on Home Ice

Flyers arrived back from Regina bright and early Monday morning. Al always played well, admitted, not wanting to take anything away from the other team. "But we had 14 good men on the ice that night."

No changes are contemplated in the line-up for Tuesday's resumption of the best-of-five semifinal series at the Arena. There seems little doubt that Doug Lavey is on his way back to some thing approaching his form of two seasons ago. He was much improved in the Regina showings.

The big trouble is a clutch to get plenty of work here. Currie wasn't as hot as he was in attendance for the Regina game. He wasn't certain that the 4,000 mark either Friday or Saturday night.

"They tipped the prices for the playoffs," the Flyer coach who also handles the business end of things for the Edmonton club pointed out. "There's no other explanation for it."

It's for certain that Bill Hunter and Cliff Ehrle, co-angels of the Regina entry, pulled the box-office boner of the season, when they elected to lay prices.

Surprisingly enough Flyers, in the opinion of their mentor, had more good scoring chances while going under 5-2 in Saturday's encores than while catching the nod the previous night.

Flyers will stage light skating workout at the dinner hour Monday after which it will be "Bring on those box seats!"

"Ole Joe" Fisher, as the boys have taken to calling the Regina coach, is expected to head his gang into the city Monday afternoon.

Victor Thompson, Vermilion trucker for a city firm, pointed to his wrist watch which stopped at 2:30 this morning after he jumped from the truck shortly before it crashed through the east guard rail of High Level bridge.

Arab Leader Vows War on Zionism BY ELIAV SIMON JERUSALEM, March 8.—(UPI)—"Arab leader Pasha al-Kawakbi vowed today to fight a 25-year war against Zionism if necessary and to battle any United Nations force sent to partition Palestine.

The decision was eight to one. Justice Stanley Reed, dissenting, said the decision raised a bar against practically all forms of religious instruction connected in any way with the United States. Many states including New York have systems which the ruling makes questionable.

Continued Cold Weather Menu No let up in the cold snap prevailing over Northern Alberta can be expected for at least a day or two, according to forecasts at Edmonton weather office.

Nothing Like It' In Field to Date

Hurling oil and drill mud 150 feet in the air in the most spectacular display to date, Atlantic Lead Oil Well No. 3 gushed into production in the Edmonton oil field Monday.

Gas pressures went completely out of control at 3 a.m. Monday and with a 15,000,000 cubic feet per day gas escape, behind the oil flow, oil and drill mud had formed a mucky pool more than half a mile in circumference around the derrick by noon Monday.

"You cannot hear yourself speak for the deafening roar of the gusher," an on-the-spot Edmonton Bulletin staff reporter stated.

Oilmen said there "has been nothing like it" in the Edmonton oil field to date.

Edmonton oilmen said the No. 3 hole has been giving trouble for some time and the spectacular blowoff was not unexpected.

With modern methods of control the gusher kind of kick-in of a new well is very rare.

Atlantic No. 4, located a quarter of a mile to the east of No. 3, is expected to be spudded in soon.

FRANTIC EFFORTS Frantic efforts of Oilwell Supply Company workmen who rushed to the pound stacks of drill mud to the site by truck, had still failed to stop the wild gusher early Monday afternoon.

Oilmen were hopeful of getting the well under control within the next 24 hours.

Atlantic No. 3 is about seven miles west of Nisku, one quarter of a mile south of Atlantic Producers No. 2 and 1, located on the same quarter section.

Yellowknife To Get Homes Construction of 750 homes to house mining and office staffs working for Giant Yellowknife Mines Ltd., at Yellowknife is one of the huge projects planned for the far north this summer.

It was reported in Edmonton Monday that 70,000 feet of lumber is being saved at a saw mill on the south shore of Great Slave Lake for building the homes.

Work on the shafts of Giant Yellowknife and installation of machinery is proceeding steadily and the mine and housing projects will be ready when production starts next October.

Electric power from the hydro plant at Snare River, 100 miles east of Yellowknife, will be available by the time, government estimates.

Giant Yellowknife is reported to have uncovered one of the richest gold-bearing structures in continental history.

Gold will be produced from several levels. There will be 1,000 persons employed above the surface and 1,000 in underground working shafts.

When Giant Yellowknife mines are in full production, the Yellowknife town will likely be one of the largest in the north. The town currently has a population of about 3,500.

Provincial Budgets Under Heavy Attack

Annual Deficit Turns Into Handsome Surplus

Average "error" in provincial budgets for the last eleven years was \$4,708,508, J. Percy Page, opposition leader told the legislature on Monday as he opened fire on the government's 1948-49 budget brought down on Friday by Premier Ernest Manning.

A deficit had been predicted by Alberta's provincial treasurer for 11 years, with one exception, the total of which would have amounted to \$13,176,000, but instead of deficits piling up there had been handsome surpluses which amounted in all to \$39,176,400—a total of \$24,425,200 more than the estimated deficits.

DEPLETES PRACTICE

The independent leader deplored the government practice of budgeting for deficits to be taken from accumulated surpluses. He pointed out that in private business, surpluses were established to build up emergency funds and predicted the province would in time be faced with a depression.

Then, rather than at a time of buoyant revenues, was the time to dig into surpluses, he thought.

Mr. Page referred to the premier's statement that 79 per cent of the province's revenue came from taxes, grants from the federal government, and the sale of oil and gas licenses and taxes and liquor.

ETHICALLY WRONG

He argued that a social economy—public welfare, institutions and charities—must be based on a large surplus on profits was both unwise and ethically wrong.

There was undesirable merit in many of the services now supplied by the government, he said, but pointed out that each additional service added to the fiscal charge on the province, which would indicate that when "reaction" set in, the services would have to be reduced.

PAYMENT FOR SERVICE

"People frequently forget that if they have to be paid for what they think about the matter at all, it is with the help of the taxpayer," he said.

The provincial treasury branches supply needed services only in those villages where there is no other source of revenue, Mr. Page said, and that the government's claim to be a "social economy" was a mere expense for administration and maintenance of treasury branches.

Decrees Absolute

Divorce Granted

Eight decrees absolute of divorce were granted in supreme court Monday by Mr. Justice C. J. Ford. The decrees were granted to: Mike Snyder from Anne Snyder; Jack Adams from Pearl C. Adams; and to: Albert S. Arneault from Alice S. Arneault; and to: R. H. Fern from Pearl C. Fern.

Ben Swankey Heads LPP

Ben R. Swankey, provincial leader of Labor Progressive Party, was returned for his third successive term at party convention held in Edmonton during the week-end.

The convention, in a resolution, called for a program of industrialization in Alberta aimed at utilizing Alberta raw materials within the province.

Condemnation was given the present handling of the province's resources and the government's refusal to develop on a public ownership basis. Oil royalties up to 50 per cent were demanded.

It was proposed that the royalty be in proportion to oil production, and that development be on a strictly checkbook pattern.

The LPP convention asked the Dominion government through the United Nations to insist the partition of Palestine be completed, also that the Dominion government stop the shipment of arms to China.

Charging that the Quebec provincial government was taking away the liberty of the press, the convention urged that the newspaper "Combat" be again permitted to publish. It also asked that charges against labor organizers Madeline Parent, Kent Howland and Anselme Beauséjour be dropped.

The convention condemned the Alberta government's refusal to increase compensation payments to miners.

It was demanded that compensation payments be increased to 2 1/2 per cent and demanded that compensation payments be increased to 100 per cent of earnings.

Support was pledged to striking coal miners in the Edmonton area, and the provincial government was asked to refuse an application for an injunction against picketing by the miners.

MAIL BOMBARDMENT OF ALBERTA SOLONS

Members of legislative assembly Monday were receiving post cards from labor groups asking support to minority report on Workmen's Compensation legislation tabled by A. J. E. Liesner (CCF-Calgary).

Mrs. Rose Wilkinson (SC-Calgary) reported she had received 113 cards, each with her name rubber-stamped on the address side. The cards are printed and there is a space at the bottom for the signature of the person asking for the consideration.

This move is believed to be a part of the labor lobbying predicted from Calgary last week.

Nearly Three Million Paid in Alta. Claims

Every working day during 1947, life insurance companies in Canada distributed an average of \$672,409.51 to beneficiaries of deceased policyholders and to living policyholders in Canada.

In making this announcement, Canadian Life Insurance Officers Association said death and accident death claims in the Province of Alberta reached the sum of \$2,865,041, an average of \$10,666.81 per working day.

Death and accident death claims in Alberta were \$2,865,041 on 1,044 ordinary policies, \$100,000 on 449 industrial policies and \$273,635 on 1,774 group certificates.

At the same time, Association announced, according to Life Insurance Agency Management Association, new life insurance protection put in force in Alberta during the month of January totaled \$6,664,000.

For the whole of Canada for 12 months, \$9,441,367 was paid in death and accident death claims being made up of \$3,433,472 on 25,296 ordinary policies; \$1,713,644 on 30,106 industrial policies; and \$8,802,251 on 29,624 group policies.

Goldenberg Here, Combines Probe

Carl H. Goldenberg, appointed by Canadian government as special commissioner under the Combines Act, arrived in Edmonton this week-end to begin his enquiry into alleged bread combine.

Mr. Goldenberg, an alert, dapper man of 41, said his presence in Edmonton is confidential. "The hearings are private," he said. "That is all I can say."

Born in Montreal in 1907, Mr. Goldenberg was educated at McGill University, gaining several honors for economics and political science. Called to the Quebec bar in July 1932 he has since practiced law in Montreal.

His career began in 1937 when he was appointed arbitrator in Montreal news dealers dispute. During the war he was appointed in Canada's war organization as director general of economics and member of the production board, department of munitions and supply. In 1943 he represented that department at war production meetings in London, England, for his war services he was awarded the OBE.

At the same time, Association announced, according to Life Insurance Agency Management Association, new life insurance protection put in force in Alberta during the month of January totaled \$6,664,000.

Probe Government On City Holdings

The problem of government-owned property in the city of Edmonton, which according to recent release from the Civic Block means a tax loss to the city of \$42,000 annually, will be clarified on Tuesday if the government answers a series of questions placed on the order paper by W. J. Williams (Vet., Edmonton).

Mr. Williams is to ask the government the number and locations of all government-owned buildings there are in the city and the purpose for which the buildings are being used.

He will also ask how many lots the government owns and the purpose for which it is intended to use the property.

Grid Head Gets Wide Authority

Controls Western Refs; to Provide Help for Juniors

REGINA, March 8.—(CP)—The Western Interprovincial Football Union will meet yesterday to give President Carl Warner complete control over referees, provide more financial aid to junior clubs and have neutral referees for each game of the eight-game schedule.

The league meeting will be held at the home of Warner in Vancouver this week. Secretary Bob Gilles told members the proposed Vancouver entry failed to post the required \$2,500 bond by the deadline of Feb. 24.

Junior leagues must conform to the Canadian Rugby Union rules to receive financial aid. The league ruled, clarifying the situation which last year found Saskatchewan junior clubs playing C.R.U. rules with the Manitoba, Alberta and British Columbia leagues playing the old western code.

EXPECT BIG SEASON

Anticipating their greatest season in years, the members have President Warner control of the league and arranged for a full year of school games July 31 and Aug. 1. Team coaches would be asked to attend the meeting to help three out any rulebook problems.

The schedule provides for four home games for each club, with a possibility of six games each if teams are to bring out two eastern teams for exhibition games materializes. The season will last until April 4, with Calgary Stampeder playing at Winnipeg.

Playoffs are scheduled to start Oct. 30.

FROM LESWICK NOTCHES

Two To Tie Red Wings

NEW YORK, March 8.—(AP)—Tony Leswick notched two goals, the last with 20 seconds to play, to give New York Rangers a 2-2 tie with Detroit Red Wings last night in a National Hockey League game.

The game was played at Madison Square Garden. Saturday night the Red Wings came from behind a 2-0 deficit to tie the Canadiens at Montreal.

Leswick's first goal, which came with five minutes to go, was a header from a pass by Earl Harkness. The second goal came with 20 seconds to go, on his foot from a pass by Earl Harkness.

The Montreal players protested the goal, but referee Melville (Buck) Keating ruled it legal.

DUNN HURT

At Detroit the Wings scored their tying goal with five minutes to go, but the goal was nullified by a goal by Earl Harkness.

Jim Proudfoot, 19-year-old, is a star of the Edmonton team.

MAN WINTER sent a bitter wind shooting down from the North Pole Saturday afternoon, but it failed to hamper classy Jim Proudfoot as he zig-zagged around the poles at the Municipal ski to snatch individual laurels in the city high school meet.

Jim's shiffling performance paced Seena contingent to the championship and earned him the three-way award for the second-straight season. The upper picture catches Proudfoot rounding a peg in the giant slalom before breaching the finish line a winner. The 19-year-old Proudfoot also ranked second in the slalom event and added a runner-up mark in the cross-country to compile 288.5 points, 35 better than Hugh Goodman of Eastwood.

Jasper Place Proudfoot Zig-Zags Wallops Sales To Tie Round

Nothing goes in clusters of four and five while holding their adversaries in a lonely slalom in the opening session, Jasper Place breezed to a crushing 9-1 triumph over Utility Sales Saturday night and snatched the best-of-three City Intermediate "B" Hockey League semi-final round at 1:1 on the Edmonton arena sheet.

Sales captured the opening game last week, but they couldn't deny the Jasper Place tie Saturday night. The West-Enders roared into a 4-1 margin in the fifth minute, and then staged a powerful offensive that developed five successful score markers in the remaining frames.

Purdy Sullivan, Nelson Hicks and Bob Scott were in fine fettle as they spearheaded the Jasper drive. Jasper's Harry Walker, Ted Cass and Lloyd Spooner, each with a single, also were in fine fettle. The Jasper Place team, which had a 4-1 lead at the end of the first period, was 9-1 at the end of the game.

Second match between Jasper's Eastwood contingent and Singer's Highlanders was cancelled, with the verdict going to Highlands. This was the first time a game has been cancelled at one game apiece.

N. Z. Official Visits Nordegg

John Jones Inspects Coal Briquetting Plant

ROCKY MOUNTAIN HOUSE, March 8.—(CP)—John Jones of New Zealand was a visitor in Nordegg last week, in the course of a tour of the mines of Canada and United States. He is gathering information on coal briquetting to take back to his government.

Mr. Jones is a representative of New Zealand government and after inspecting plants in Canada and United States, he will fly to England to learn what he can from their methods. If it is possible to gain admission to Germany, he will also go there to examine their methods and results.

Mr. Jones had not expected to see much until he reached Eastern Canada and so was very much surprised at the size of the plant in Nordegg, which he says is one of the largest briquetting plants in North America.

Ladies' Group Meets

PERINTOSH, March 8.—Stoage on China was given at a meeting of the Fridhem Swedish Baptist Church Mission Circle at the home of Mr. and Mrs. Walford Swanson recently, by the pastor, Rev. L. R. Turquist.

Mrs. Walford Swanson and Mrs. Herman Swanson sang a duet.

Active Year

ROCKY MOUNTAIN HOUSE, March 8.—Annual report of the Ladies Aid of the Presbyterian Church here shows a large amount of work done during 1947. Almost \$1,000 was raised by the ladies. Six hundred of this was paid on the bank loan, another \$300 on further work on the manse, fuel and decorating.

Dies Suddenly

HANNA, March 8.—James William Mossop, pioneer of Grainsville district, near Hanna, died suddenly. He was 67 years of age.

He is survived by his wife, one son, William; and two daughters, Mrs. Albert Moench and Mrs. Hilbert Cole.

Trochu Pioneer, R. J. Ross, Dies

TROCHU, March 8.—Funeral services for the late Robert James Ross were held in Trochu Legion hall recently. Mr. Ross died at his home following a lengthy illness. Mr. Ross was born in Hespeler, Ont. and came to Trochu in 1901. He farmed in this district for more than 40 years before moving into the town of Trochu a few years ago. He is survived by his wife, one son, John; two daughters, Mrs. J. K. McLaughlin of Calgary and Mrs. M. McLaughlin of Hespeler, Ont.

Rev. Mr. Lawson officiated at funeral service and burial was in Trochu cemetery.

Inquest Tuesday Of Railway Workers

HANNA, March 8.—Inquest into the death of six men killed in an accident in the CNR yards at Hanna February 28 will be held on Tuesday.

The accident occurred when a snowplow coming in from the east ran into the rear of the yard engine, which had been pushing a string of freight cars ahead of it. The tender was pushed forward with such force that the impact moved the string of cars along the track for a few feet.

Calgary Waiter Wins Acquittal

CALGARY, March 8.—(CP)—Kenneth Mills, 22-year-old Calgary waiter, Saturday was acquitted on a charge of wounding Charles Conklin, 36, in a downtown Calgary cafe last June 13. Mills, who admitted slapping Conklin with a butcher knife, said he did so to protect himself in a struggle with Conklin. Mills claimed the fight started after Conklin had made improper suggestions to him.

FIRE RIG IMPOUNDED, HAD NO INSURANCE

VANCOUVER, March 8.—(CP)—A 30-year-old fire department ladder truck last night was impounded by Vancouver traffic officers because it carried no accident insurance—a law which took effect at midnight a week ago.

Police said the fire-wagon, sirens blazing, was responding to a false alarm when it sidestepped a street car and careened into a light delivery truck.

The moving train was derailed into the front of a southbound street car. Six passengers and Fireman Arnold Hurd, 25, were injured.

British Columbia's new motor vehicle insurance law makes the province's 190,000 motorists liable in accidents causing death, injury or property damage.

Housing Project Damaged by Bomb

CHICAGO, March 8.—(AP)—Police Saturday night reported that a bomb had been tossed from an automobile into the south side Pennwood housing project, scene of several previous race disorders. They said there were no known injuries, but that 15 windows of houses had been shattered.

Bomb Explodes In Mufiti's Home

CAIRO, March 8.—(Reuters)—A bomb exploded Saturday night in the house of Haj Amin Al Husseini, mufti of Jerusalem.

The legislative building in New Delhi, India, is a huge circular structure with a large, open, central court.

POISON VICTIMS are these seven pigeons found by Mrs. L. Hodgson in Vancouver. Mrs. Hodgson has instigated an appeal for pigeon sanctuary in Stanley Park and declares it essential to prevent decimation of Vancouver's pigeon colony.

Isotopes Should Be Made Available

TORONTO, March 8.—(CP)—Prof. Leopold Infeld of the University of Toronto, scientist, author and former associate of Albert Einstein, said at a meeting of the

Hellenian Club Saturday that Canada should turn over isotopes from her Chalk River, Ont., atomic energy plant to the United Nations for distribution.

"We in Canada should do what we can," he said. "Isotopes are very important in medical research and for that purpose they should be made available to the health branch

of the UN. There isn't the slightest danger in doing it and it should be done quickly."

He explained that nations desiring isotopes would reimburse Canada for the cost, the UN merely acting as the agent.

Perris has an area of 630,000 square miles and a population of about 13,000,000.

Business Speeds Up

As man's ingenuity perfected the machine, plants were needed to house his operations—new and better methods of producing raw materials from mine, forest and lands were executed—reserve stocks of these basic materials became essential—faster, more efficient means of transporting and distributing his increased volume became a necessity.

As volume developed, the demands for money to extend commercial credit—to carry inventories—to promote sales—to provide ways and means of reducing costs—and, other factors that contribute to successful operation—exceeded the means of the individual.

Since before Confederation, The Bank of Toronto has provided this money for worthy enterprise in the form of Bank Credit. Perhaps we can be of service to you and suggest meeting to consider your requirements.

Housewives Leagues Meet

Two-day conference of Housewives Leagues in Alberta is being held today and Tuesday in Corona hotel to discuss local living costs and to form a provincial association.

Representatives from five leagues—Calgary, Medicine Hat, Newcastle, East Coulee, and Edmonton will attend.

Delegation from the conference is scheduled to meet with the provincial minister of Alberta, C. E. Gerhart, Tuesday to present a resolution asking provincial government for a three-cent-quart milk subsidy for children.

Request will also be made to have provincial legislature pass a motion calling on Dominion government to "roll-back" prices, pay subsidies where necessary, reimpose 100 per cent excise on profits, and remove 8 per cent sales tax, and remove 25 per cent excise on goods under Abbott anti-inflation program.

Conference will also set Alberta's quota for the one-million-names petition currently being circulated in an appeal for government action in reducing living costs.

Delegation to national convention of consumer, farmer and labor organizations to be held in Ottawa in April will also be named.

CCF Member Inquisitive

Location of a projected new school of agriculture is to be probed in legislature on Tuesday by A. J. E. Lissemer (CCF Calgary) according to a notice of question released Monday.

Mr. Lissemer's questions revolve around activities of the Agricultural Education Board, who are supposed to have heard representations in connection with the location of the new agricultural school, which was forecast in 1947 estimates.

The CCF member wants to know what committees have been appointed, chairman and members of each, and their duties. He also wants to know if any studies on vocational agriculture were submitted for board's approval.

Fire Kills Three

SINAI, S.D., March 8 (AP)—A young mother and two small children burned to death Sunday when fire destroyed their farm home near Sinai, in eastern South Dakota. Victims were Mrs. Oscar Anderson, 25, her son, David, two, and an infant daughter. The father suffered minor burns in an attempt to rescue them.

Appeal Court Opens Session

Sittings of appeal court of Alberta opened at court house Monday.

Court will hear seven appeals from conviction on criminal charges; five appeals from decisions of district court judges; and four judgments of supreme court.

Court was engaged Monday morning on hearing of an appeal by Arnold McIntyre, Mercat, against conviction and three-month sentence imposed by police magistrate Chris. Paulson, Edson, on an indecent assault charge.

BOLD THIEF STEALS FROM HOTEL LOBBY

Three thefts were reported to city police over the week-end.

Helen Wood, 9927 102 street, said her room was entered and two gold rings valued at \$335 were stolen.

James Ward, Leitch, entered Royal George hotel Saturday night, left his suitcase in the rotunda while registering, returned to find it gone.

Mrs. Irene Adam, 12229 66 street, told police her suitcase was entered Saturday night and \$15 taken from her purse.

War Veteran Gets City Custom Post

Philip Demmon, First Great War veteran, and Dominion customs employee for more than 35 years, has been appointed collector for Edmonton customs post. It was announced Monday.

He succeeds Allan Elliott, and has been acting in that capacity since Mr. Elliott retired in 1947.

Mr. Demmon joined 3rd Canadian Mounted Rifles in October, 1914, and saw service in France with that regiment. He was demobilized in 1919 with the rank of staff sergeant, and has since been employed at the Edmonton customs post.

He is survived by his wife and one son, Clarence L. Rogers of Edmonton.

Travel Shows To Boost Alberta

Alfred Blith, Edmonton photographer, will return Alberta in a series of travel shows to be shown in five large cities in United States. The shows will be sponsored by Pacific Northwest Travel Association and will be shown during April and May.

Shows will tour Detroit, Chicago, New York, Los Angeles and Oakland to afford citizens of United States an opportunity to learn of travel possibilities in Alberta, British Columbia and northwestern states.

Mr. Blith will show colored films of Alberta.

SUPREME COURT CASE FROM AUTO ACCIDENT

Damages totaling \$2,320 are sought in a supreme court action filed Monday by Peter Grieschuk, Edmonton barrister, on behalf of Alex Patykiewicz and Mrs. Mary Patykiewicz, from Harold Oppelt, for injuries received in an automobile accident at the intersection of 97 street and 106 avenue on November 8, 1947.

It is alleged in the statement of claim that Mrs. Patykiewicz suffered a broken left collarbone, internal injuries, multiple bruises and scratches to her body when struck by an automobile operated by the defendant as she walked across the intersection.

She is claiming \$2,000 general damages, and her husband \$320 for hospital and medical expenses.

City Council Will Award Big Paving Deal Tonight

SERIOUS CHALLENGE SAYS CARMEN UNION

Resolution strongly protesting rejection of the minority report on Workmen's Compensation to the Alberta legislature by A. J. Lissemer (CCF-Calgary) has been passed by Brotherhood Railway Carman of America West Edmonton Lodge No. 418.

Resolution states the brotherhood "views with alarm and protest, and act of speaker of the legislature in rejecting the minority report on Workmen's Compensation" and points out that Mr. Lissemer is a duly appointed member of committee.

"We regard the speaker's ruling as a grave encroachment on vital principle of free speech, a serious challenge to one of our democratic freedoms, freedom of speech," the resolution adds.

Only One Tender Received Acceptance Recommended

Contract for 1948 paving program will be let by city council Monday night.

Only one bid has been received, that of the Crown Paving Co., Ltd., for \$428,553.00. Acceptance of the bid is recommended by City Engineer A. W. Haddow, and concurred in by city commissioners.

Commissioners drew council's attention to the fact that the bid is on a basis of fixed labor rates.

Extremely high agenda will be presented to aldermen tonight, there being only three items listed in commissioners' report.

One of these calls for amendment of the license bylaw to provide for licensing of steam-shovels, bulldozers, drag lines and similar equipment.

License fee suggested is \$10 annually.

Also to come before council will be recommendation of Utilities committee that 1165 parking meters be installed in the downtown shopping area, meters to be installed at no cost to the city, and to be removed without cost if they are found unsatisfactory after one year.

Council also will consider motion by Ald. George E. Glave in which city of Edmonton requests provincial government to assume responsibility for housing immigrants brought to Alberta under its settlement plan.

EDMONTON MAN DIES SUDDENLY

Sudden death of Thomas H. Mayne, 1082 104 street, was reported to police Sunday.

He died while sitting on a couch in his room. He was 65 years old.

His wife resides at New Edinburgh. R. C. Mayne was an employee of Horne and Pile.

Connell-McKinley are in charge of funeral arrangements.

Winter Tests To Continue

Valuable lessons were learned by Canadian Army active service troops participating in winter exercises near Whitehorse, Maj.-Gen. M. H. S. Penhale, CBE, general officer commanding Western Army Command said Monday.

Gen. Penhale has returned from a three-day inspection of the units participating in the exercises, consisting of infantry regiment, MCLC, armored regiment Lord Strathcona Horse, and Royal Canadian Engineers. The exercises lasted one month.

"Winter training tests were very satisfactory under conditions of extreme cold. Winter exercises will be continued," the general said.

Li-Coll, R. A. Keane, DSO, acting officer in charge of administration, Western Army Command, accompanied Gen. Penhale on the inspection.

Visiting Newsmen Hopeful for Britain

Conditions in austerity-plagued Britain are "far better than they look from this side of the Atlantic," Frank A. Fisher, managing editor of British United Press in Britain, said here in a week-end interview.

"Britons will pull through without war with Russia is inevitable and there is less talk of war there than in Canada and the United States."

Mr. Fisher declared, "New official Fish," paying his first visit to Canada in 1929. He first visited in 1929.

Mr. Fisher visited his brother, A. W. Fisher, 13406 102 avenue, their first meeting in 20 years.

Brighter Colors for Spring Decorating

By Ray Thrifty

True to new-season trends, interior decoration colors are brighter. Flowerlike hues replace the old wine, taupe and mahogany. Most outside walls may be painted in shades of chartreuse or pink. Whole rooms may be planned around one important color and old decoration schemes enlivened by introducing new-style contrasts.

Household budgets will allow any out-and-out decoration of the spring. But most of us will be freshening up, buying a few new things to augment our old furnishings. You don't usually go all-out for bright colors in the average lived-in room—but use the rich, cherry-red, pinks, greens and yellows as accents to add light and vivacity to an otherwise dull room.

Suppose your favorite color is blue—and you feel that you'd be happiest in a room decorated in blues—by all means, go right ahead and use blue. But remember that blue is one of those colors that look best on their own—it's hard to mix it with any determined color without the effect being somewhat flat. Use some pretty blue and silver-gray striped wallpaper in one of the shops last week and make a delightful background and add interest to your room.

This plastic business is booming and more and more household appliances made of the stuff are appearing on the market. Notice a handy little hand-squeezing the two-handled shaker for mixing drink mixtures for example. You'd have to shell out \$36 for this effort but apparently there are a whole string of uses for it.

Your Baby and Mine

By Myrtle Meyer Eldred

When children eat between meals, or even get all they want of foods which satisfy their appetites, they are certain to scorn those foods whose tastes do not appeal to their fancy.

Let any adult attend an afternoon tea and gorge herself on dainty sandwiches, fancy cakes and salted nuts and she will come home with little desire for the plain foods of the family table.

No child with a poor appetite for the fundamental foods of eggs, cereals, vegetables, fruits and milk, should be allowed to eat foods of concentrated nourishment, which are, in general, sweets, fats and starches.

Within reason any child should have the privilege of expressing his preference toward food which he likes carrots better than beans or beans better than peas, but he should not have more than these.

But when all the dessert he prefers comes from the dessert, these preferences must be ignored. He cannot grow up straight and strong eating only desserts.

Mrs. P says her boy of 10 has no appetite for milk or vegetables and little for eggs or meat. "He will eat any amount of candy, pop or ice cream. If I force him to eat what he doesn't like he vomits it all up. His teachers say he is getting sicker in school. Do you think letting him eat what he likes is making him sick this way?"

It is possible that he might be generally sensitive to eggs and eggs and if they are forced upon him he might be upset. But you would know whether he had this sensitivity since birth by the

Bridge

By William E. McKenney

Your first obligation to your partner in rubber bridge is to make the contract in tournament play you must always play for the maximum number of tricks.

Many players would open today's South hand with one no trump. However, Jeff Glick of Miami, who will be one of the highlights of the Southern regional championships tournament to be held at the Hollywood Beach Hotel, Hollywood, Fla., April 10th, said that those who use the point count system might bid one no trump. He did just on a hunch.

If he had bid a club and later a spade, West very likely would not have opened a spade. But West got the Jack of spades opening, which he won in dummy with

scrambled eggs or milk shakes. A slightly bigger bowl, the seller of slightly larger fee is tops for washing stockings, gloves, hankies or even white collars and cuffs. A pinch of soap flakes, water, your precious nylon, the cover screwed on tightly, a good shaking to swirl the suds through—great for the business girl's daily dipping.

One of the large colored disk buttons mounted and framed can be locked on a kitchen wall. You can put messages for family, shopping reminders, favorite radio program times, that sort of thing simply must try out and a score of other things.

DOROTHY DIX SAYS—

Meddlesome Friends Dictate Way of Life

DID YOU EVER think that the fear of our neighbors is the most compelling force in our lives? You will say: Nonsense, it isn't true. But it is. We stand more in awe of the neighbors than we do of the Ten Commandments, and we are more influenced by what the Joneses and the Smiths say than we are by all the law and the prophets.

And the curious part about this fact is that we do not set our neighbors up on a pedestal and defer to them because of their superior intelligence and virtue. On the contrary, we know them just as plain, ordinary, everyday folks, even as you and I, and taking them as individuals, we wouldn't give two cents a buck for their opinions.

This fear of the neighbors is at the bottom of many of our follies. It is, for instance, what causes millions of people to exist under a nerve-racking strain that eventually kills them by living beyond their means. The A's may be people of simple tastes who love their shabby old house and would like to stay in it, but the neighbors won't let them. They pretend that their home being old-fashioned and lacking modern conveniences, and not living up to their income.

And it is the neighbors who are responsible for Mrs. B's extravagant tastes. She pretends that her hard and clothes high and Mrs. B. would be content to wear her last year's gowns if the neighbor women didn't.

Are you a failure in an emergency? The time Tommy burned his finger, the day Jane came home with poison ivy—were you just helpless?

Meeting household emergencies should be a part of every homemaker's routine. Take the matter of burns. They are divided into three classes: first, second and third degree burns. First degree is a simple reddening of the skin which may be treated with butter, a 5% tannic acid solution, or a paste made of bicarbonate soda and water. There are several commercial ointments containing 5% tannic acid which might be wise to keep on hand.

Second degree burns are characterized by open blisters and third degree are those where actual charring of the skin takes place. In these, the best thing to do is to put the victim to bed, cut off the clothing if necessary and keep the patient warm with hot water bags. The burned area may be covered with sterile cotton saturated in bicarbonate of soda and water. This is cooling and easy to remove when the doctor comes.

EPIC STORY OF COURAGE, RESOLUTION

Isolated Alberta Towns Suffer Acute Shortages

STANDARD, March 8.—(CP)—An epic story of courage in the face of isolation and hardship following recent snowstorms, is being written by the residents of the Standard and Chancellor districts about 50 miles east of Calgary.

Sunday residents from Standard walked kilometers to snow for two miles hauling toboggans and sleighs through huge drifts in order to get food supplies from a train that had been snowed out for two days only to have their work wiped out by drifting snow Saturday night.

Serum put aboard the snow-blocked train this day ago for a sick baby, was brought here by the food party that made the journey on foot today. However, a plane had delivered another supply of serum when it was discovered that the train was held up.

At Chancellor, ham radio operators Glen and Maude Phillips provided the only link with the outside world. Telephone lines are down and there is no hope of mail for another week. Food supplies are dwindling rapidly and roads in every direction are blocked.

Strong winds and a fresh fall of snow blocked many roads throughout Alberta again during the week-end, but snowplows were reported to have opened all main highways and some district roads.

There have been no milk deliveries for ten days.

Drifts 20 to 30 feet high have blocked efforts of railway snowplows to clear lines to the village and 30 Standard businessmen dug snow for two days only to have their work wiped out by drifting snow Saturday night.

Officers Elected By Drama Group

MEDICINE HAT, March 8.—(CP)—Calgary yesterday was selected as the host for Alberta's 1959 regional drama festival.

The decision was taken at an executive meeting at which Arthur E. Graham of Coleman was elected president, succeeding Gwilyn Idd, warden of Calgary.

Other officers elected were Idd, vice-president; Ray Whitehouse of Edmonton, secretary-treasurer.

Honorary president will be President Robert Newton of the University of Alberta, with Mr. Edwards, Mrs. David W. Rays, of Medicine Hat, and Mrs. Elizabeth Stirling Haynes of Edmonton as honorary vice-presidents.

Representing the province as governors to the Dominion drama festival will be Mr. Graham, Mr. Edwards, Mrs. Rays, Mrs. Robert Orchard of Edmonton and Richard Macdonald of Edmonton, coordinator of cultural activities in Alberta.

Delegates attending yesterday's meeting were Mr. Dean Robinson and Mrs. G. Grandmason of Banff; A. E. Graham and S. C. Short of Coleman; Mrs. M. E. Grimshaw of Fairview; Mrs. Sue Jaycock and Alan Macdonald of Edmonton; Mrs. T. E. Shulgrave and Gordon A. Atkinson of Calgary and Edwin McKenna and Joe L. Levinson, Medicine Hat.

Wheat Agreement To Be Discussed

OTTAWA, March 8.—(CP)—A conference of British and Canadian wheat experts is expected to start here early this week to discuss possible modifications of the Anglo-Canadian wheat contract in the light of the proposed five-year international wheat agreement, government sources disclosed yesterday.

A spokesman who could not be identified said the British experts were arriving in the capital this weekend and that the talks likely would open on Monday or Tuesday.

He did not indicate what changes may be necessary in the four-year contract, under which Canada supplies the United Kingdom with 800,000 bushels over that period. The contract now is entering its third year.

Fleet, new head of the United States military mission, and the Greek chief-of-staff, Lt. Gen. Dimitrios Vaxidis, passed the point.

They were Gerry Milliken, the prime donna, and Allen Davidson, the attorney in the Medicine Hat Little Theatre Association production of Vincent Godefray's "Intermission."

Bernard Styles, the tramp in "The Shadow of the Glen," presented by the Bard Literary and Dramatic Club.

Sidney Short, "Mr. White" in "The Monkey's Paw" by W. W. Jacobs, done by the Coleman players.

John Aquilino, "Ernest"—Alberta's hold-over in "Yuckness" in the Lavoyes. "The same play."

Later the rival Canadian Seamen's Union (TLC) issued a statement under the name of President Harry Davis charging that the contract was illegal and worthless because the CSU claims that it is the only bargaining agent on CSL vessels.

PLAN STRONG STEPS

Replying to Mr. Davis, Capt. Norman J. Hirsch, operating manager of the CSU, said "if the federal labor department is going to take a weak-kneed attitude towards Communists, Canada Steamship Lines and the officers of its ships intend to take strong steps to fight Communism in the sphere in which they are able to do so."

The CSLSU said the agreement grants exclusive bargaining rights to Sullivan's union, maintenance of membership, seniority of employment, 48-52 substitute allowances a day, two weeks' paid holidays for eight months of the year, eight statutory holidays, all expenses for seamen travelling while in service.

Sullivan's statement said that the wage increase will mean the highest wages ever paid on Great Lakes vessels.

WOMAN FINDS \$20 BILLS GROW ON LITTLE BUSH

RICKNEILL, Ind., March 8.—(AP)—An upcoming spring has never been so lush before.

Walking home from a trip to the grocery store, Oscar Finkbe found a \$20 bill on a bush. She dropped her groceries and started picking. Soon she had \$80.

The "lettuce" didn't keep long, Mrs. Finkbe learned it had been a weed, egg Mrs. Jack Clinkbeard had boarded under a shower pot for a trip to Florida. The wind, it seems, had blown it away.

The Clinkbeards didn't daily when they got their money back. They left for Florida before the wind could change.

Britons Join Arab Forces, Says Hagana

JERUSALEM, March 8.—(AP)—The Hagana Jewish radio aired last night that 200 Britons, including some former members of the Palestine police, had joined the Arab armed forces north of Haifa, 10 miles from Jerusalem.

A Palestine government spokesman described the report as "ridiculous."

Hope Abandoned For Buried Workers

TOKYO, March 8.—(AP)—The Kyodo News Agency reported Sunday that hope has been abandoned for 10 lumber workers buried by an avalanche at a camp on Hokkaido, northern Japanese island.

Gagery Players Win Drama Award

Edmonton Community Theatre Praised by Adjudicator

MEDICINE HAT, March 8.—(CP)—Alberta may have not one, but two, plays entered in the Dominion Drama Festival at Ottawa next month.

Groups from Calgary and Edmonton may go.

Adjudicating the regional festival Sunday night, Actor Robert Stuart of the London, England, stage, pronounced the Calgary Workshop its regional winners to add in the best breath that he would recommend that the Edmonton Community Theatre also be invited to compete.

The Calgary group's production Friday evening of the French farce, "Maitre Pierre Pathelet," was given top honors of the six plays presented.

The Edmonton players presented four known Laurence Houseman's "Victoria Regina" so well Saturday that Mr. Stuart said he would recommend to the Dominion Festival Board that they be invited to the four to six plays to be offered besides the regional winners throughout the country.

CITY GIRL BEST ACTRESS

Individual honors were divided between the star of plays, Gordon W. Atkinson, star of "Patience," and the trophy for producer and director of the winning play, Ben-Adams, who was awarded best actor.

Runners were Kaye Knight as "Victoria Regina" and Gertrude Lee as "Patience." Mr. Atkinson as Prince Consort, Albert, in "Victoria."

They were Gerry Milliken, the prime donna, and Allen Davidson, the attorney in the Medicine Hat Little Theatre Association production of Vincent Godefray's "Intermission."

Bernard Styles, the tramp in "The Shadow of the Glen," presented by the Bard Literary and Dramatic Club.

Pattullo Urges B.C. Meals' Tax

VICTORIA, March 8.—(CP)—Implication of a meal tax to relieve provincial hospital expenses, as in Quebec, last night was urged by former British Columbia Premier T. D. Pattullo in a public letter.

"At the same time I would allow for beer and light wines, stills, in hotels and restaurants," he stated.

The suggestion, as the latest in the rising controversy over the proposed sales tax for B.C. and the financial plans of the government, Pattullo estimated that a five per cent tax on the \$200,000 worth of restaurant meals served in B.C. last year, would have produced \$10,000,000.

He suggested the tax be marked exclusively for hospitals.

Great Need Mental Health Clinics

OTTAWA, March 8.—(CP)—Canada is in desperate need of mental health clinics as well as a comprehensive understanding by the public of the magnitude of the mental health problem in the Dominion, Dr. C. G. Stuart, chief of the health department's mental health division, declared Friday.

He addressed the closing session of the second Dominion-Provincial Conference of Health Education, "Many provinces have voted for the establishment of these clinics but have to wait until personnel have been trained," said Dr. Stuart. "We must develop increased training facilities to meet this demand."

You'll be proud to say—
"OUR SON'S IN THE NAVY"

But along with your pride you'll have the comfort of knowing that your lad is enjoying a healthy, active and useful life.

You'll know that he has a steady job with ample opportunity for advancement... that he is getting all the medical and dental care that he needs... and that after his service he'll get a generous pension for the rest of his life.

You'll be proud, too, of the work your son does in the Navy. He'll gain experience and training that will always be valuable. There

are opportunities for promotion and higher pay. There are specialized trades as well.

Your son's career in the Navy will be educational as well as exciting. He'll travel to foreign lands in trim new ships with modern equipment. He'll get plenty of sports and outdoor life... and generous leave with pay.

But wherever your boy goes with the Royal Canadian Navy, both you and he will have the satisfaction of knowing that he is serving his country well... that he is doing a man's job in a world-famous uniform.

No House Time For Private Bills

All Government Legislation Will Be Given Precedence

By D'Arcy O'Donnell
OTTAWA, March 8.—(CP)—Little opportunity will be provided in the Commons this session for the discussion of private members' bills touching on such things as the ban on oleomargarine, appeals to the Privy Council and the outlawing of the Communist party in Canada.

A source familiar with procedure in Commons said Prime Minister Mackenzie King's statement Friday indicated that government legislation will be given precedence practically at all times in order to permit prorogation of the session by the end of June. If prorogation is not possible then, a two-month recess will be taken.

TAKE UP TIME
Mr. King said private members have taken up a good deal of time in the Throne Speech debate which has been going on since Dec. 5, and added that he felt the government should press through its emergency legislation.

Once this legislation is through the budget likely will be brought down and it, too, is considered somewhat of an emergency measure because of the necessity of obtaining parliamentary approval of tax changes.

BULKY ESTIMATES
Bulk estimates of departmental expenditures have not yet been touched, and technically the money must be voted for other projects cannot be spent until they are passed by the Commons.

Dense Fog Blankets Wide Area Britain
LONDON, March 8.—(Reuters)—Dense fog again Saturday blanketed a wide area of southern Britain, slowing road traffic and closing airports and bringing shipping to a standstill.
The United States Navy Washington, due to sail from Southampton early Saturday morning, was delayed for New York, was held up by the fog.

Czechs Plan Broader Foreign Trade Pacts

By A. I. Goldberg
PRAGUE, March 8.—(CP)—Czechoslovakia will nationalize her foreign trade but will not devalue currency to set up a special trade dollar value, the minister of foreign trade said Saturday.

The Communist minister, Antonin Gregor, reiterated his hope that Czechoslovakia could continue to do business with the western countries.

He announced new trade agreements are under way with Norway and Belgium and said agreements with France and Switzerland have been tentatively extended.

He said Czechoslovakia plans to step up exports to 45 per cent with the eastern bloc, economy countries and get the rest of her trade with others.

DISCUSS SOVIET AID
The conference developed a discussion of the grain help given Czechoslovakia by Russia. Western reporters quickly gained an admission from Gregor and Evzen Loser, an assistant, that the UNRRA aid given the year before had been extensive.

He said no one difference was that the UNRRA aid was United Nations help given without any political conditions. Questioned whether he meant that Russia's help was therefore better, he recalled from his definitions.

Murder Charge
OWEN SOUND, Ont., March 8.—(CP)—Arthur Hooley Saturday was charged with the knife murder of 25-year-old Allan Crow, stabbed to death in Hooley's home following a scuffle early Saturday morning. Hooley appeared in court and was remanded to next Saturday.

AYLMER CARROT

BOULE-STRANES

YES... BAKES CROOK over the mild sweet flavor of Aylmer Bristled Carrot! And that special Aylmer flavor starts from the prime young carrots grown from special Aylmer seed and sped to Aylmer fresh from the garden. Always crisp and bright with their own natural, and double-sweetened to 271,000ths of an inch. That's why they're so easy to digest.

Then, Aylmer steam-pressure cooks those nourishing carrots in sealed, sterilized containers—to help retain vitamins and minerals. No wonder infants thrive on Aylmer quality. Over 20 delicious Aylmer varieties.

Angler Makes Strange Catch
MADISON, Wis., March 8.—(AP)—The things that some fishermen catch.
J. B. Wooten, for instance, he went out for a little night fishing, put a pork rind lure on his line and cast out into the darkness.
Wooten felt a strike. Jubilantly, he reeled in his catch. It was a muck-spout, or flounder, a very real danger to the fisherman's health.

Drew Says Power Knew War Danger

TORONTO, March 8.—(CP)—Premier Drew of Ontario said Saturday that evidence given before the Royal Commission investigating the Hong Kong expedition made it clear that the G. O. Power, defence minister, "was in no doubt... that war with Japan had begun before the expedition sailed in 1941."

The premier issued a statement including an extract from Mr. Power's evidence before the commission. The statement was accompanied by an assertion by Mr. Power in the House of Commons Friday that he had told the commission he had not thought war with Japan "imminent."

Sir Lyman Duff, then chief justice of Canada, headed the commission which conducted the Hong Kong inquiry in 1942. Premier Drew acted as opposition counsel.

Noted Churchman Dies in Toronto

TORONTO, March 8.—(CP)—Dr. J. W. MacNamera, clerk of the General Assembly of the Presbyterian Church in Canada, died Friday night at his home of coronary thrombosis. He was 85.

One of the Dominion's best known churchmen, he had been clerk of the general assembly since 1925 and as a minister held parishes at Stratford and Port Colborne in Ontario.

Executive Dies
WINNIPEG, March 8.—(CP)—G. Leslie Wright, 54, manager of the Winnipeg branch of the Toronto General Trust Corporation, since 1928, died Saturday.

Once she had the disabled ship clear of the jam the former freighter handed over the towing job to the tug Grenadier of Louisville, N.S., and continued north to her lonely weather station midway between Labrador and Greenland.

WEED-KILLERS MADE FOR SPECIFIC JOBS

OMAHA, March 8.—(CP)—Weed-killers tailor-made from day to day to do specific jobs show great promise of helping farmers battle one of their costliest enemies, Dr. A. E. Griffiths oil company researcher, said Saturday.

These special emulsions are applied before the crop is planted, and in 1947 tests showed a promise with spinach, beets and corn. Dr. Griffiths told the national farm chemurgic conference.

The oils immediately kill weeds and their germinating seeds to a depth of a quarter to one third of an inch. Crops planted afterward had no competition.

About 50 per cent of all insecticides and fungicide sprays were based on petroleum.

Too Much Money, Throw Some Away

VANCOUVER, March 8.—(CP)—A 15-year-old boy threw away \$200 and kept \$204 because he "didn't like to have so much money," police said the lad, now charged with breaking and entering, threw away \$200 in a theatre and gave \$40 to the doorman with the words, "I found it."

Company May Sell Planes to Czechs

MONTREAL, March 8.—(CP)—An official of Canadian Limited which builds four-motored planes at nearby Cartierville said Saturday his company had been negotiating with the Czechoslovak government for the sale of aircraft but "with heavy reservations there we don't just know where we stand at the moment."

Facts Best Weapon To Fight Communism

SOUTH PORCHTUNE, Ont., March 8.—(CP)—Defence Minister Claxton said Saturday night government action making Communism illegal would not put an end to the problem.
"That simply drives Communism underground and it flourishes in the dark," he said. "The best way to beat it is with facts."
Communists cannot face facts. In an address at a meeting of McGill graduates and others, Mr. Claxton declared that there could no longer be any doubt that we wish to remain free that we defend ourselves against the Communists outside Canada."

Greek Rebels Killed

ATHENS, March 8.—(AP)—Six guerrillas were killed and 13 captured Saturday as a Greek army unit clashed with a rebel band 25 miles west of Athens, government sources said. The army said remnants of the band were being pursued.

Gives No Freedom

Not only had Communism failed to produce freedom from fear or freedom of speech, its results in Russia had demonstrated that it couldn't give freedom from want either.
The best defence against it consisted of a merger of facts, the vote, efficient and honest government and the recognition of responsibility by all citizens.

Father of Five One of Victims In Crime Wave

PITTSBURGH, March 8.—(AP)—A 30-year-old father of five was shot to death Saturday night in a clear store as the steel city was held in the grip of a 24-hour crime wave.

The victim was identified by police as Basil (Bud) Hite. A few hours later police said Rudy Bodmer, 45, and seven accused and charged with the murder. Police said the slaying was a "racket murder" and the result of a payroll argument in a numbers game.

In a 24-hour period Friday and Saturday two policemen, a county detective, a Chinese laundryman and an innocent bystander have been killed by bullets. The crime wave was touched off by a \$14,000 armed payroll robbery in the Allegheny general hospital.

United States Not Sole Possessor Of Atomic Bombs

NEW YORK, March 8.—(CP)—Gen. A. G. L. McNaughton, head of Canada's delegation to the United Nations, hinted Saturday it is known that another country besides the United States has atomic bombs although not enough at that time to wage atomic war.

The prohibition of the use and manufacture of the atomic bomb at the present time would merely seriously reduce the military strength of the United States, the only nation in possession of atomic bombs, at least on any scale which would suffice to make atomic war.

Gen. McNaughton said in an address before the New York Herald Tribune forum for high schools. The general did not elaborate on the suggestion that the United States is not the sole possessor of atomic bombs.

He said there was hope that Russia will agree to international control of atomic energy.

Ulster Unionist Elected to House

BELFAST, March 8.—(CP)—Mr. J. B. Hadden, Ulster unionist (Conservative) candidate, was elected Saturday to the United Kingdom house of commons for Armagh constituency.

Results announced Saturday night showed that Hadden polled 36,736 votes to 24,422 for Seamus O'Reilly, anti-partition (Nationalist) candidate.

The by-election was made necessary by the death of Sir William Allen, Unionist, who was elected unopposed at the general election of 1945.

U.S. Asks New Palestine Plan

NEW YORK, March 8.—(AP)—The United States prepared to press for a new Palestine conciliation effort today as the big powers tackled the Holy Land crisis.

The exact nature of the United States plan was not disclosed. A member of the American delegation said, however, they would insist that the consultations be confined to "peaceful measures" of settlement.

Britain refused to take part in the consultations, which were ordered last Friday in a Security Council resolution. The big powers were asked to make recommendations by March 13 on what to do about carrying out the partition of Palestine.

ONE MORE EFFORT

As the delegates assembled for the opening talks, the chief United States delegate Warren R. Austin, was reported ready to urge one more effort toward conciliation of Jewish-Arab differences as the first step.

It appeared he would have the backing of France and China, which it was doubtful whether Russia would be in such a position to conciliate more. Gromyko objected to an American proposal last week that the Security Council last week the big powers consult with British, American and Jewish representatives.

France and China supported the United States move in the council.

It was lost by one vote.

Planes, Ships Boat

MISSING, Fla., March 8.—(AP)—Planes and surface craft went ashore today to search for three men missing since Friday in a 15-foot boat.

While hopes for their safety dimmed hourly, the United States Coast Guard intensified its search for Jockey Albert Snider of Miami, Donald Fraser, business man from Toronto, and C. H. (Toke) Trotter, Miami horse trainer.

Three men were last seen at 5 p.m. Friday while fishing from a tender off the yacht Evelyn K. near Cape, Fla. At that time a sudden storm came up, with winds reaching 40 miles an hour.

Snider, about 32, was born in Canada but recently bought a home in suburban Miami Springs. He is married and has one child. The popular jockey won the 1940 and 1941 Florida jockey titles.

\$500,000 QUEBEC FIRE—Fretted and spangled icicles hang from the burned-out ruins in Quebec's picturesque Mountain Hill where a fire recently cost the life of one woman and two missing believed dead. Damage was estimated as high as \$500,000.

No Job and Destitute So Forged Cheques

Conspiracy charges were read to two men and a juvenile in city court Monday subsequent to a fast piece of work by a restaurant proprietor and Detective King King.

Samuel Bader and Roy King, both of no fixed address, pleaded guilty to charges of conspiring to defraud the public by uttering forged cheques. The third accused was waived to juvenile court.

Detective King was in a local restaurant Saturday night when he called over by the proprietor to examine a cheque a man wanted to cash.

Detective discovered the cheque stamped with a Troc Furniture store stamp.

Earlier in the week a rubber stamp had been stolen when the furniture store was entered.

CONSPIRACY CHARGE

Two men said they made out six cheques using the rubber stamp and signing Mr. Troc's name over top of it.

Their reason—found no job and were destitute. They were remanded until March 16 for sentence. All six cheques have been recalled.

Russia Observes Day for Women

MOSCOW, March 8.—(AP)—This is women's day in Russia—an occasion corresponding roughly to Mother's Day in North America.

Father's Malaria

TOKYO, March 8.—(AP)—The newspaper Asahi reported Sunday that a 60-year-old Yokohama merchant had died of malaria after a long illness. The merchant had been suffering from malaria for several years and had been treated with various medicines. He was a well-known figure in the community and had been active in various charitable organizations.

Black Market Raid

Nests Yanks 113 Jews

FRANKFURT, Germany, March 8.—(AP)—The United States Army said Saturday night that it had raided a black market nest in Frankfurt, Germany, and had arrested 113 persons. The raid was part of a series of operations aimed at disrupting the black market in Germany. The arrested persons were charged with various offenses related to the black market trade.

International Wheat Pact Has Stabilizing Effect

By The Canadian Press

An acknowledged evil within the economic system—the "boom-bust" cycle—was further hampered over the weekend with the announcement of a 36-power wheat agreement putting a \$2 a bushel ceiling and \$1.10 floor price on wheat five crop years starting Aug. 1, 1935.

Government, business leaders and economists have long recognized the need for some means of safeguarding the alternating periods of depression, inflation, deflation, depression. The wheat pact, however, has involved all sections of the economy—agriculture, industry, finance, with preference as to priority either in the boom or the bust period.

The problem has been to exercise that kind of control that will level the curve with out putting fetters on the economy. All forms of economic control—familiar to most since the beginning of the last war—serve in the degree to stabilize conditions.

Change of materials, price ceiling, direction of imports and exports and international trade agreements are examples, just as are the expansion and contraction of currency, interest rates, and commodity and stock markets, the determination of margin requirements. All attempt to prevent too sharp variations in the economic life.

Admittedly, it is difficult for a population enjoying a high standard of living to accept the restrictions of a rationing system. The grain grower in the United States today is at the hub of the wheel. But the wheat pact is a step in the right direction. It is a step towards a more stable economic life.

Financial Review

TORONTO, March 8.—(CP)—Stocks continued to drift aimlessly in quiet trading on the Toronto Stock Exchange today. Fractional gains and losses among wheat and grain stocks were noted.

Some edged upward for the senior golds, Hollinger, Kerr, Adair, and others. The four top defence officials of the United States were called together today to state the case for universal military training in the light of Communist moves in Czechoslovakia and Finland.

The invitations to a closed-door session were issued by Chairman Clegg, head of the Federal Bureau of Investigation. The session was held in the presence of the army, navy, and air force secretaries.

Communist Moves Bring U.S. Action

Canadian Govt. Draws U.S. Credit

WASHINGTON, March 8.—(CP)—The Canadian government has drawn a \$100,000 loan from the United States. The loan is part of a series of operations aimed at stabilizing the Canadian economy.

The loan is being used for various purposes, including the purchase of war materials. The Canadian government has expressed its appreciation for the United States' assistance.

General Decline Futures Markets

WINNIPEG, March 8.—(CP)—The Winnipeg Grain Exchange was closed today. The market was in a state of general decline.

The decline was due to various factors, including the wheat pact and the general economic situation. The market was expected to remain weak in the near future.
